

Medical Exemption

How do I get a medical exemption for my child to not get an immunization?

A physician statement outlining medical reasons for an exemption of a specific immunization is to be submitted to the Medical Director of the Division of Communicable Disease/Immunization,

**Arkansas Department of Health,
4815 West Markham - Mailslot 48
Little Rock, AR 72205.**

The Medical Director will decide whether to grant the medical exemption based on the CDC guidelines.
